Hello all,

We (CICs and OSCs) have been communicating with Craig Stevens for several months now. He is an activist in the Dimock area, not a reporter or a Carter Rd resident, but very much involved in the Dimock groundwater issue. I can take his calls/ emails.

Maybe the LJackson meeting he's referring to is the planned protest tomorrow at the Nat. Museum here in Philly. ?? I don't know.

**Ex. 5 - Deliberative**

Thx.

Hello,

I'm a member of the Office of Ground Water & Drinking Water hydraulic fracturing team, and I received a call from Craig Stevens, who identifies himself as coordinator of water delivery from Dimock, PA. His telephone number is 570-967-2280. At the suggestion of Angela McFadden, I am sending his contact information to you.

In the message, he states that he understands there is going to be a meeting of Lisa Jackson today concerning Dimock, but that what they really need is water, and he is asking for a return call.

Please let me know if you are able to follow up with him, or if you need more of the details of the call -- I'm whether our phone system forwards calls between HQ and Regions.

Sherri
